LAKE EFFECT DRINK MENU
THE EIGHTH EDITION
THIS IS MUCH MORE THAN A MENU

This is the preamble, so to speak, of the valued story and culture of Lake Effect.

Our establishment is homegrown right here in Utah.

Our story is like many other locals, shaped by the wonderful outdoor activities and the beautiful scapes in every direction.

However, we want to share it with you in a very unique way.

The heritage, history, and culture of Lake Effect is one of bringing all together in a comfortable social gathering,

putting together top tier cookery with a tavern to

celebrate this great city.

Enjoy

BOTTLED BEER

Ale yeast favors warm temperatures and produces more complex, fruity esters with occasional peppery phenols. Lager yeast ferments at a cooler temperature and generally has a cleaner flavor profile. This process allows for more of the malt and hop flavors to shine through.

DRY/CRISP/PALE

Light colored crisp beers with low to moderate hop bitterness. These beers showcase light malt flavors of biscuit and dough with a high level of drinkability.

WHEAT/WEIZEN/WIT

Wheat is higher in protein than the barley favored by brewers, which aids in the head retention and body of beer. American wheat styles are cleaner tasting with a light grainy flavor, while German Hefeweizens are favored for the banana/bubble gum and clove flavors produced by the yeast. Belgians call these beers "Wit Beer" meaning white and are brewed with orange peel and coriander. Specialty malts may be added for darker richer beers with notes of banana nut bread, vanilla, and raisin.

- 5 Epic- White Ale
- 6 Green Flash- Passionfruit Kicker- American Wheat Ale With Passionfruit
- 6 Pyramid- Hefeweizen- American Wheat Ale

BELGIAN

These beers are brewed using a Belgian yeast strain which produces high levels of fruity esters and peppery phenols. These beers are similar in flavor to German Hefeweizens but typically do not contain wheat. Highly carbonated and very dry, these are refreshing, zesty beers with banana/clove notes in the lighter styles and plum/raisin in darker styles.
